Aesir 146A

SL-ASR146A

Created with a unique design, the Aesir 146A is an asymmetric throw LED strip perfectly suited to cupboards, shelving, or subtle wall-washing. The design means that the LED surface is not visible from normal viewing angles.
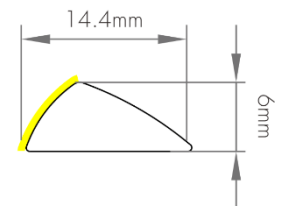

The Aesir 146A is surface mounted with supplied direct-fixing so installation is very easy.

The white silicon body is IP54 & IK04 and features a 50,000hrs or 5 year warranty.

The colour choice is at peak performance, with CRI-90 as standard.
