# Aesir 2020

The premier lighting tool in the linear LED arsenal. The Aesir 2020 can do everything, dual-flex, single CCT, tuneable white, RGBW, SPI or pixel control via either DMX or SPI.

The slim width of 20mm is the perfect size to be a slim-line linear system but not generate glare from having too higher output from an aperture that is too narrow.

Aesir 2020 is IP67 & IK07 and features a 50,000hrs or 5 year warranty (3 years on pixel)

The colour choice is at peak performance, with CRI-90 as standard.

Installation is via single bracket, fixed channel, or flexible continuous bracket.

Code	SL-ASR2020
power	14W/m
driver	remote
LED	opal silicon 120°
IP rating	1P67
warranty	5 year warranty
flex	Dual-bend – max 5m run
